

canplas® *Appliance Fittings*

The Appliance Wye can be installed in horizontal or vertical configurations during rough-in with included snap-in plug.

The Threaded Flush Bushings allow for installation of various sizes of threaded barb nipples, ensuring the correct size for any connection.

The Appliance Adapter spigot connection can be solvent welded to 1-1/2" fittings during rough-in. The hose barb is sealed until the time of installation.

canplas®
